Origin: Quebec City

Genre: Traditional music from Québec

Label: Les disques Scorbut

SHORT BIO

The four musicians of Les Chauffeurs à pieds (meaning either Drivers on Foot or The Feet Warmers) are incontestably among the best in Canada for playing reels and jigs on fiddle, harmonica, mandolin, recorder, French horn, guitar, and foot tapping, as well as signing traditional upbeat or old ballad songs. With its nine albums, including some nominations for prestigious awards, its collaboration with several well-renowned artists, enthusiastic reviews from the media, successful international tours, not to speak of its musical intelligence and twisted sense of humour in English, Les Chauffeurs à pieds confirms its status among today's main folk bands.
